Dr. Dhanraj

Dr. Dhanraj has been working as a leader of social development for 18 years and has had a long career in legal services, education and social services. Dr. Dhanraj has an excellent background in working with people who belong to Scheduled Tribes, and has achieved success in encouraging many people from his own community to pursue higher education. His many academic degrees (16+) show that Dr. Dhanraj is dedicated to education and social impact. Dr Dhanraj also started NIED Council, which has helped him and many other people create positive change within their communities, and still be able to inspire people with his vision.
